コミックス第①巻、3月31日発売決定!!

召喚術士の誇りをかけて、力を見せるとき!!

TI: Eradication magic user /Exorcist

There is no cause for concern
From how confident you were,I assumed you were a sacred art user or an eradication magic user...
Yes, I'm a summoner
I have a question. Are you an art user?

Then it's you and Tact who will be in danger
"I couldn't do it after all~"
You know like waiting until the last moment then saying
Even if a summoner is overly confident, it just doesn't feel like they can deliver
I have teamed up with a lot of different people to clear dungeons
Can't be helped
There are no opportunities to meet some to begin with
Did the number of summoners decline that much.....
What's with this lack of confidence in summoning
Without any preparation?!
Where are you going?
Nebrapolis obviously
Why don't I demonstrate the essence of summoning

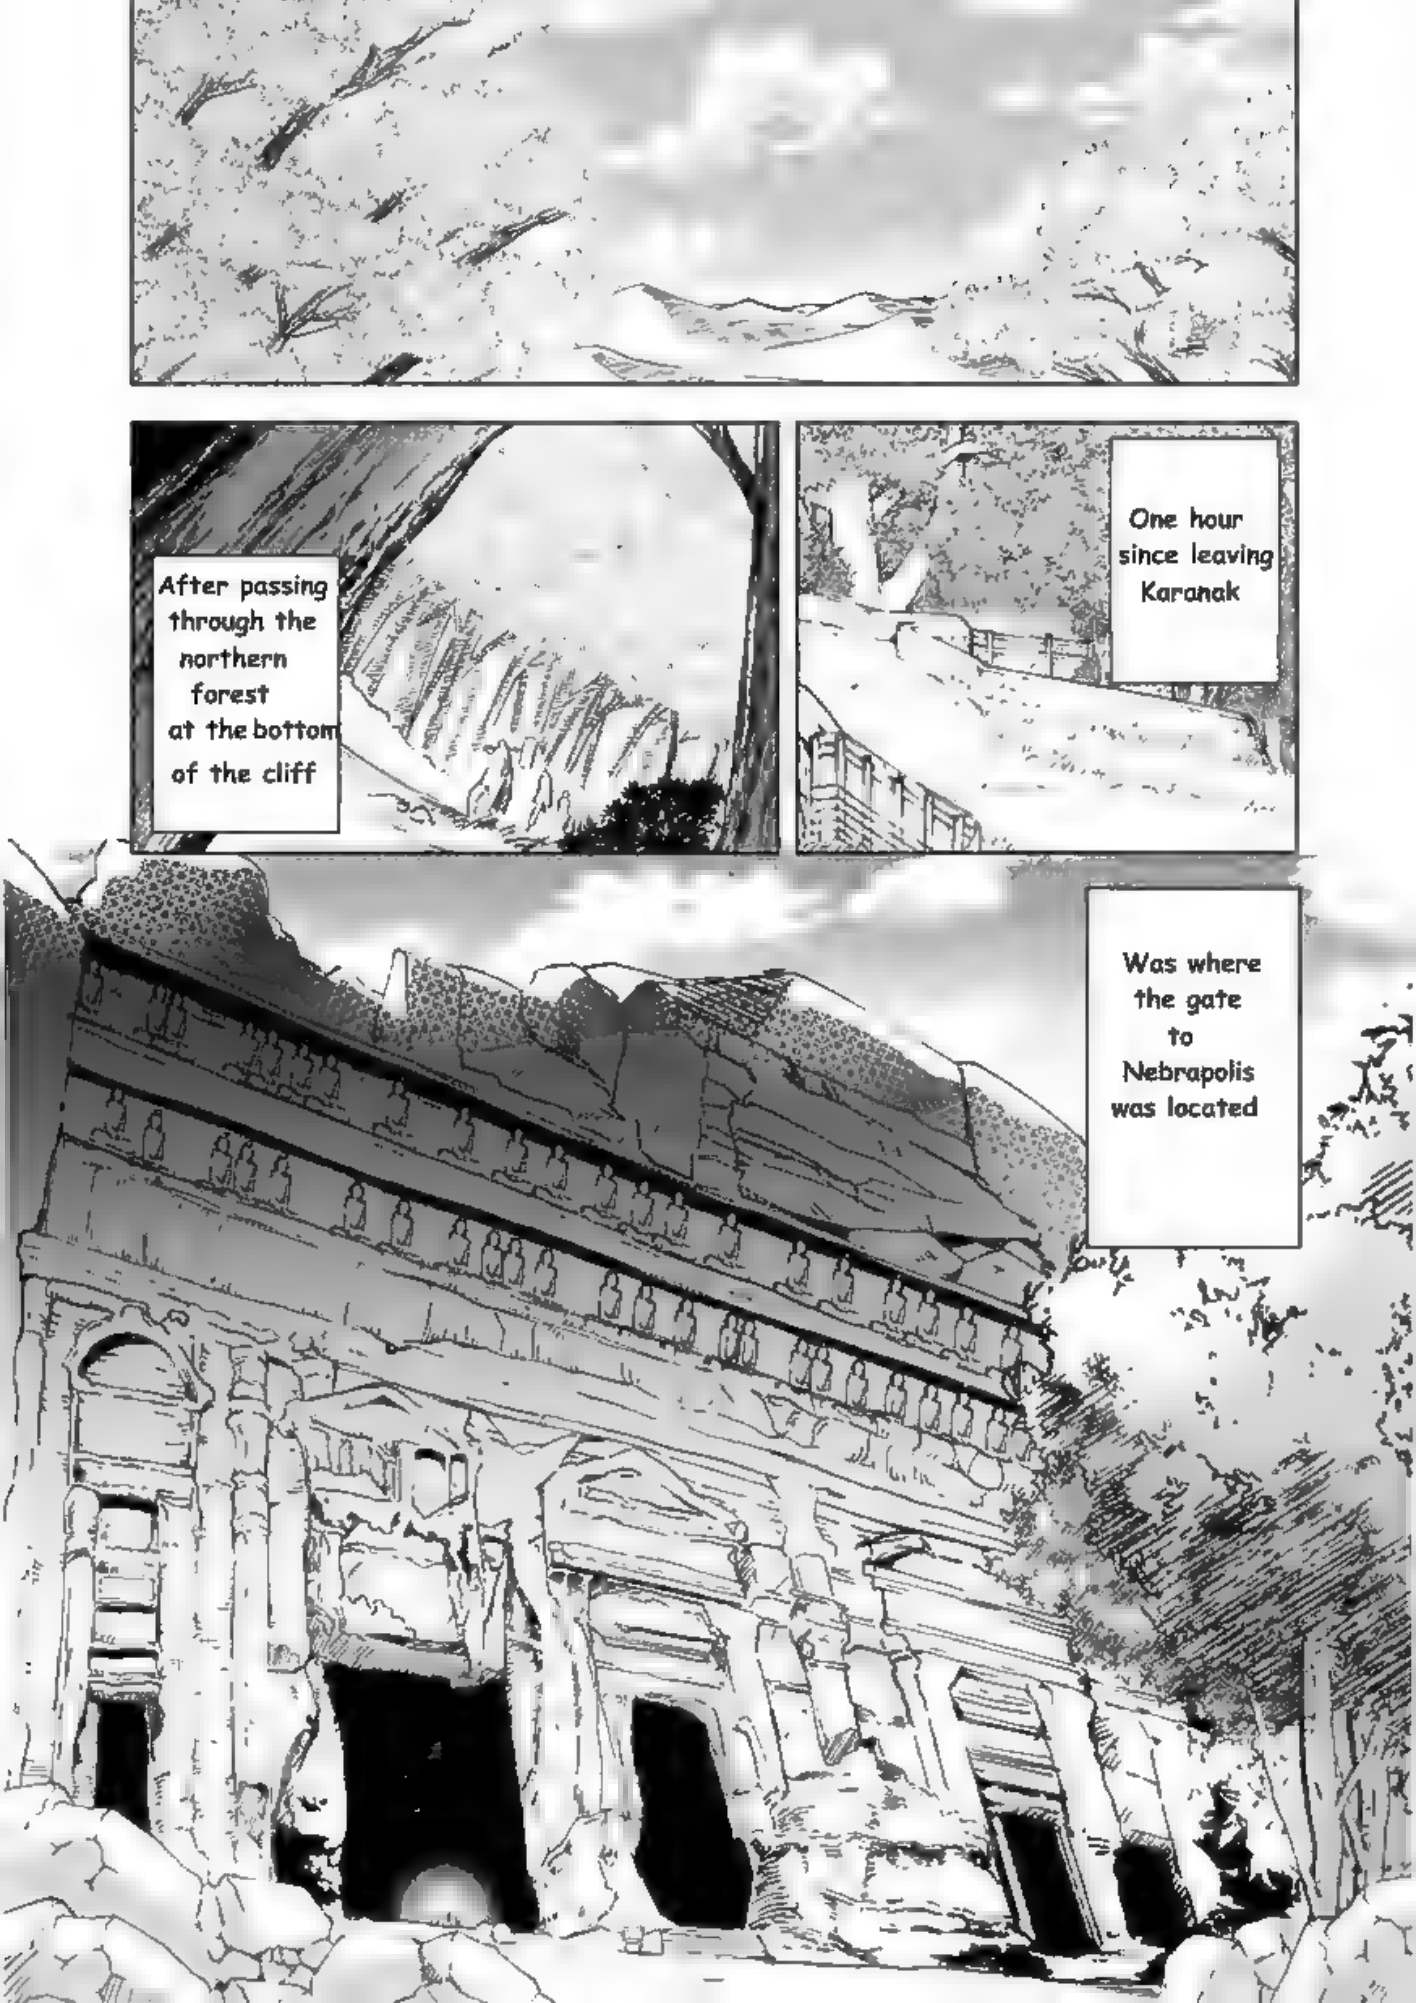
Oh! Mira came!
Yes I came
Hey
Oh miss Mira
I'm so sorry, I didn't think so many people would gather
What are you doing!
Who would imagine that the both of you are in the middle this crowd
Is that the girl that the vice captain mentioned?
A gathering?

I'm Flicker
Nice to meet you
I'm Azval
Nice to meet you

I'm Zephardo Call me Zeff
What's going on?!
I heard about you from Emella your cheeks are quite soft
Hey Flicker!
Good grief! You're scaring her
But not experiencing this cuteness would be a sin~
Sorry Mira
Even if we are like this ....

TI: people admiring the guild members and cheering them on

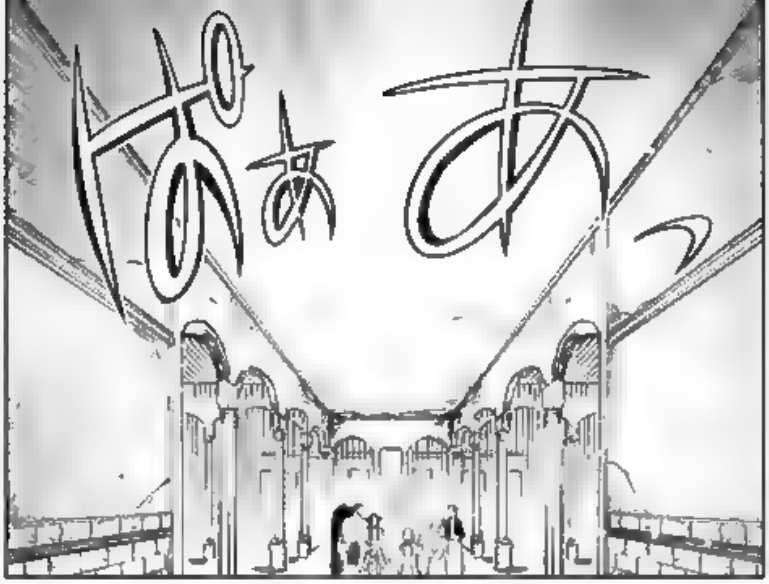
ウォオォオ
When it comes to how capable we are, the whole town can attest
Even with that being the case
We wont let our guard down that is our guild Ecarato carillon
Heh I see
Now then shall we depart ?
You know some real nice people Tact
Everyone follow me
Alright!



After passing through the northern forest at the bottom of the cliff
One hour since leaving Karanak
Was where the gate to Nebrapolis was located

Our destination is on the 5th floor the mirror of Anjo
Even though Zeff can scout the number of enemies present when we reach the 5th floor the number of troublesome monsters will increase
Now then let's review what we are here for
Sorry Mira it's just that this will be the first time we see a summoner in action
Will it really be alright with a summoner?
むむむ～
There is a need to change your prejudice against summoners
はははは
Is that so? I'm looking forwards to it! hahaha
Let's get ready to explore
よっ!!

Eh?! So it wasn't just a light affinity sword ?
You're using some interesting stuff
Oh A light affinity spirit sword
Unlike a normal affinity sword, spirit swords are covered with a spirit's blessed particles
To think that it was a spirit sword
I'm surprised you noticed! This place being what it is, I borrowed this from the leader, it's impressive isn't it ?
Don't forget why we are here. . We are to escort them to the mirror of Anjo
Now then. I wonder if there are any treasures
It's said that only high-level art users can see spirit particles
But I couldn't see those particles..
Mira is... Probably exceptional



ごおお

ぴかっ

ぶんぶんっ
This light skill is convenient right?
Wasting mana to light the way when you don't know what could be lurking up ahead....
As expected she's probably not normal ..

To think that you came to this dungeon without a lantern...
Mhm.. It's a lot brighter now

ぴか

So that's how it is..
As expected miss Mira is exceptional!
The mana cost for a skill of this level is negligible.. My mana recovers faster than it can be spent
きゃ、きゃ

This smell.. Must be this dungeon's speciality
Hold up I feel a presence
Ghouls
Summoning skill - Holy Knight
Wha..?!

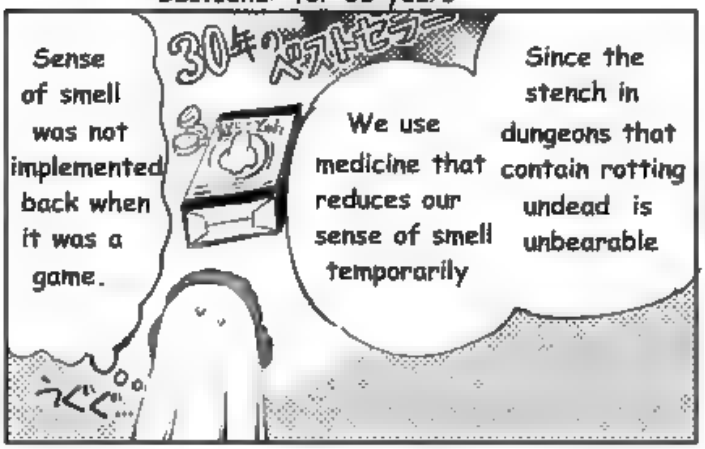
Holy knight keep tact safe
Prevent any harm from all directions
So cool!
This is a weapon spirit?
I can feel a lot of power coming from it
What an incredible fighting spirit

It makes me feel inferior down to the core
I apologise for startling you, this is my summoned spirit
When focused on defense it offers excellent protection
I imagine that you can tell how powerful it is without me have to explain right?
Now then!
Let's see what we're all capable of

I'll initiate
Here goes!

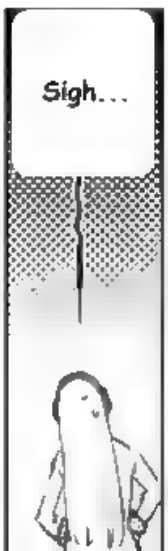
Survivors!
Okay!
However
Mhm.
Splendid

Bestseller for 30 years



Sense of smell was not implemented back when it was a game.
30年ベストセラー
We use medicine that reduces our sense of smell temporarily
Since the stench in dungeons that contain rotting undead is unbearable
うぐぐ…

Tact: I did!



Let's stop exploring the normal way.....
Summoning skill
Mark of the Arcana
Mira? What are you up to?
Just watch

Summoning skill
Mark of the Rosary
I call upon the maiden that charges through the heavens
The one who uses flash as a sword to ward off evil and whose name is

Mainly
a pledge
of loyality
a sword's name
That name is
Alfina
Come
